Queens , Parades and Dances Provide Homecoming Fun

Attendant Susie Cuthbertson and Bill Rubin enjoy the Homecoming festivities at the annual dance.

A new look in the Homecoming parade this year was this car, which was graciously "donated" by Derald Galiher.

The sophomore float, which placed second in judging, was among the many entries in the parade.

A new language laboratory has been installed in the French department. It consists of twenty-eight booths equipped with sound-proofing in the side panels and glass front for better visibility. Each booth also has a writing and studying surface to facilitate the student when not working orally. The laboratory is operated from a control console in the front of the room which allows Emma Hepker, French Instructor, to monitor and speak to individuals or the group.
